What is Yacht Rock?

Think: Smooth Production, Soft Vocals, Jazz and R&B Influences with Catchy Melodies with Artists like Michael McDonald and Kenny Loggins as the captains of this genre.

Their hits are like nautical-themed ear candy.

It's the musical embodiment of "chill vibes" and the "luxury" of having friends that own a yacht!

 This band has a formula for fun and the best kind of nostalgia. Their set list of hits from the 70s and early 80s goes beyond just yacht rock, but you'll love it! They definitely appeal to all ages. The sax player brings the heat to hits from "Baker Street" to "Careless Whisper." You should be dancing, yeah. And singing along like to good old days!
